Having received our **APSCO Compliance+** status, the industry's leading benchmark status, we are regularly audited against rigorous measures to demonstrate both our knowledge of and adherence to the very best practice.

The requirements of **Compliance+** require education recruitment companies to go beyond statutory safeguarding standards and aim for excellence in competency selection and service quality.

The initial stage of the Recruitment procedure at **Inspiring Teaching** is the pre-screening telephone interview. At this stage we discuss the candidate's qualifications, educational work experience to date, subject and specialisms they are qualified to teach, and any other relevant work history.

If satisfactory, the following areas are covered:

- **Name** - Ensuring we have the candidate's full name and correct spelling for various checks we conduct.
- **Maiden / Alternative Name** - Again, this is vital as must be undertaken for all surnames the candidate may have used.
- **Date of Birth**
- **Does the candidate hold QTS?**
- **Name of Qualification/Date of Qualification/Specialism**
- **Does the candidate hold an Enhanced DBS?**
- **National College for Teaching and Leadership Check?** This must be determined for all teachers as they are unable to teach in state schools without QTS, the register is held by the National College for Teaching and Leadership. Candidates who have gone via the FE route will have their QTLS status verified via the Institute for Learning.
- **Address**
- **Home/Mobile Telephone Number**
- **Reference details**
- **Transport / travel arrangements**
- **Source**

If the candidate meets all above criteria, they are invited to attend interview

Compliance Process - post interview

Following the interview with Inspiring Teaching, the Head of Compliance comprehensively completes a full audit check of the file created confirming all background checks have been completed before deeming the candidate fully suitable to work with children.

For each candidate, the following checks are made and retained on file:

- Complete registration form (incorporating medical history declaration, child protection declaration, equal opportunity statement etc.)

- Post Incident Procedure

References

A minimum of two satisfactory and current references are required for registration of ALL candidates; one reference should be written and be from a school / child care / vulnerable adult care environment, covering a minimum period of four weeks work at one establishment and which can be confirmed by a credible referee.

The most recent reference is always sourced, and any gaps evidenced.

Referees are asked to provide information which relates to concerns about the candidate working with children, if the candidate has been dismissed from a childcare position, and if the referee is aware of any issues in relation to safeguarding and child protection.

References for all working candidates are updated frequently through verbal and written assessment feedback forms sent to clients.

Previous Employment History

Consultants are trained to recognise a candidate's skills, experience and competency, as well as to identify gaps in their employment history on the CV or application form. They ask probing questions to satisfy themselves of the reasons for the gaps and seek evidence for the period of unemployment (maternity leave, illness, travel etc.). Gaps in employment history, and the reason for the gaps, are noted on the candidate profile.

Inspiring Teaching contacts candidates regularly, and work availability diaries are kept updated. Short gaps in employment history are always explored, and additional references sourced, as circumstances may have changed and issues may have arisen which can unexpectedly affect the candidate's suitability for work.

Permission to work in the United Kingdom

All candidates must prove that they have the right to work in the United Kingdom, in line with the document requirements outlined in the Home Office directive: "An employer's guide to right to work checks " (August 2017).

Members of staff are knowledgeable in immigration issues and act as a resource for consultants, to ensure that any foreign candidate does not work illegally.

All overseas candidates have their passports and relevant entry clearance vignettes or biometric residence permits witnessed and copied at their induction / interview. Those with visa applications, naturalisation application or Biometric Residence checks will also have their documents checked via the Home Office checking sites e.g. ECS check or BRP check. Our system prevents any candidate whose visa has expired, or about to expire, from being placed in a booking.

Medical Fitness

In line with the Education (Health Standards) (England) Regulations 2003, it is a mandatory requirement of **Inspiring Teaching** for candidates to declare themselves fit to work in an

education setting, and to advise **Inspiring Teaching** if they have any health issues or disability relevant to the day-to-day activities associated with teaching or child care. Any issues raised by candidates are discussed at interview, and if necessary, candidates may be asked to provide a "Fitness to Work" certificate from a General Practitioner or Occupational Health specialist.

Fluency of English

Inspiring Teaching requires all candidates to demonstrate a level of fluency sufficient to be able to support pupils to GCSE level. This is assessed at the verbal vetting stage and rejections may happen here if the applicant's English is too poor to understand on the telephone. The candidate may be rejected after interview on the same grounds, as ability to cope in the classroom and support pupils is paramount. It is the consultant's responsibility to make the judgement based on the candidate's interview responses.

Rejections

Inspiring Teaching reserves the right to decline applicants at the telephone vetting stage or after the interview if the candidate does not meet Company requirements or is not able to be placed for whatever reason, or the references obtained are not suitable.

Concerns & Incidents

Should we receive any information which is a concern to us, we will address the situation immediately.

We will fully cooperate with the school in question and be as involved as the school wish us to be. Where permissible (depending on the nature of the complaint and other statutory agency involvement) we will request a full report from the School along with requesting a statement from the candidate involved in the incident, where practical this will be a face to face meeting involving an independent note taker. Alternatively, the candidate will be given the Gibbs Reflective Cycle to achieve a fully rounded statement in order for us to conduct our investigation.

We will record all information on our internal Issue Logger and make a note of the time frame agreed with the school / authority in question.

Where appropriate and required, an **Inspiring Teaching** representative will attend the meeting on the school premises or at a Local Authority building in order to fully resolve the issue.

Initially, such events would be handled via the Recruitment Manager and Head of Compliance escalating to a more senior member of the team if necessary. In the most serious of cases, these issues will be handled by our in-house HR and legal team.

Upon conclusion of the incident it would be agreed by all parties whether to continue to deploy the candidate or whether to remove from the register. We would report to the DBS and LADO where it is deemed appropriate.

If appropriate, the candidate would be offered further training from an **Inspiring Teaching** professional or advised to undertake additional refresher training sessions via our Educare membership to continue their professional development.
